Teacher in charge: Jelena Spasić, PhD, assistant professor			
Language of instruction: English			
ECTS credits and course status: not applicable			
Prerequisites: /			
Semester: Winter or summer semester			
Course unit objective This course is designed for foreigners to acquire and develop the Serbian language knowledge and skills. The aim of the syllabus is to prepare students to use Serbian for their professional studies in the Faculty of Education and for communication in real life.			
Learning outcomes of Course unit Students obtain the necessary skills in reading, writing, listening and speaking. Writing skills, which focus on literacy and short essays, stories, notes. Reading, which involves study of education-related texts of topical relevance. Listening, which helps students learn to understand spoken language. Communication skills, which cover communication situations.			
Course unit contents <i>Theoretical classes</i> Lectures and class presentations of Serbian grammar and extensive vocabulary learning. Phonetics, morphology and syntax of Serbian language. <i>Practical classes</i> Active, participative, and collaborative learning, based on a communicative approach of Serbian. In-class practical exercises. Individual and group oral presentations. Oral interactions (including pair work). Students' independent work activities: design of class presentations and preparation of class activities (readings, search for information, preparing individual assignments).
